## Welcome Back to School

( October ) Newsletter

Mr.  
Richard

Welcome back to school everyone! After the summer, it's really great to see everyone happy and smiling in school. This is the first newsletter of the year and it is great for the students to see their friends, learn and explore new things. I wish everyone a happy and healthy year!

Miss  
Hadia

Hello everyone! I am the new part-time NET at LTPS. It feels great to be here with so many wonderful kids. I've been a primary teacher for 6 years. I enjoy reading and travelling in my free time. I look forward to an amazing year full of fun activities with our students. Have a happy year ahead and See you around!

Miss Wendy Chan

We welcome everyone to the commencement of a new academic year. The year will see TAKIANS taking more challenging and innovative tasks as well as fun and interactive games. We have English booths, One-minute Talk and English Morning Performance. Also, our new part-time NET, Miss Hadia will join us!

In the coming year, a book exchange scheme has been added for establishing better home reading habits. The NETs will share-read with students while the English ambassadors will use I-pads to read with the lower level students. Integrated learning through projects will also be introduced in primary two and five this year.

Students are invited to join Kids4Kid Buddy Reading and Story Creating Scheme. They can also participate in "Story Quest" which is sponsored by SCOLAR. As your English Panel Chair, I would like all of you to prepare yourselves to start the year with a fresh outlook. Prepare yourselves and have a positive outlook on life!

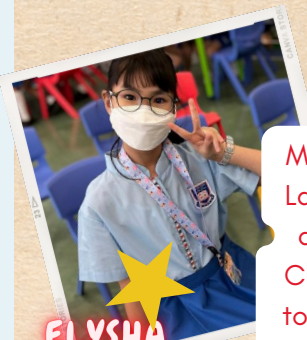

**ROBIN

## Open Day

This year I helped during Open Day. My brother and I played the piano in the hall. It was a show and we had to play the song 'Teasing.' I felt very glad because I had helped the teachers during the Open Day. There were a lot of people in the hall so I felt very nervous on this day. I hope to do this again next year!

## Mid Autumn

Mid-Autumn Festival was held on the 9th September, 2022. I liked this day very much! I made a small lantern with blocks. I felt very happy! I also used a toy gun to shoot the pictures of vocabulary on the whiteboards. After that, I came across different riddles and tried to guess the words. I was so happy and excited. I hope to do this again next September!

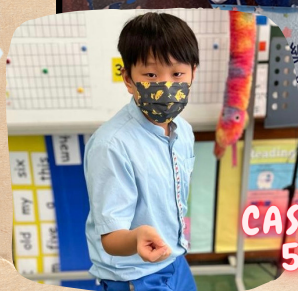

**EDDIE

## Special Activities (Fencing): Castor and Bruce

Bruce and I love fencing. At first we need to wear special clothes. We need to score points by jabbing our partner with a blade. I always feel very nervous and scared when I fence! I like to think I am good but Bruce is the champion, so I would love to fence against him one day!
